Whisky reviews. Since 2022.

Evermann Theo Blended Whisky

The Evermann Theo Blended Whisky hails from the Black Forest region of Germany and is produced by the Bimmerle Private Distillery. Launched in 2022, the Evermann range includes two expressions: Theo, a blended whisky inspired by American styles, and Wilhelm, a more traditional single malt with roots in the Black Forest. The Theo variant is twice distilled in pot stills and matured in a unique combination of four cask types: German oak, acacia, American oak, and ex-bourbon barrels. This diverse cask management imparts a balanced mix of fruitiness, subtle woodiness, and a light spice to the whisky.

TASTING NOTES

NOSE

The nose opens with fresh and fruity aromas. Predominant notes include citrus fruits like orange and apricot, complemented by a touch of pear. There's a delicate sweetness of honey and vanilla, layered with hints of caramel. In the background, there are subtle oak tones and a surprising scent reminiscent of dried hay, adding a unique twist. One particularly intriguing note is a subtle whiff that some might describe as "jeans fabric," giving the whisky an unconventional character.

PALATE

On the palate, the Evermann Theo presents a light, oily texture that highlights its fruity nature, featuring nectarine, orange, and persimmon. Vanilla and honey also make a reappearance, yet the whisky remains somewhat flat in overall flavor intensity. Despite the use of multiple cask types, the blend's profile is more on the subdued side, making it an approachable and easy-drinking option.

FINISH

The finish is short to medium in length but pleasantly warming. Light peppery and oak notes linger, accompanied by a faint hint of dried wood. Although not particularly complex, it remains an enjoyable conclusion for those seeking a straightforward whisky experience.

THOUGHTS

MARCEL

Light, fresh, and straightforward – the Evermann Theo does exactly what you expect from an entry-level whisky: fun in a glass without any fuss. For the price, you get a solid blend that, with its fruity character and smooth profile, is genuinely enjoyable, even if it could use a bit more punch.

SASCHA

The Evermann Theo reveals a clean and well-balanced cask combination that harmoniously blends fruity and woody notes. Despite its clear structure, it lacks the depth and intensity to rise above a solid entry-level standard – perfect for beginners, but rather unremarkable for seasoned connoisseurs.
