## Penderyn Myth

The Welsh Penderyn whisky called Myth from the Dragon series was matured in ex-  
Buffalo Trace casks and finished in ex-red wine casks. Seems very promising.

### TASTING NOTES

#### NOSE

Notes of chewing gum, grape and sugar dance harmoniously together, followed by a hint of molasses and light hay. A light floral note hovers over everything, while a gentle creamy note and light stone fruits round off the olfactory experience.

#### PALATE

The first sip reveals a remarkable combination of grassy and hay-like flavours accompanied by floral notes. The texture is creamy and creamy, with a hint of sweetness and a delicate pear flavour that caresses the palate.

#### FINISH

The finish of the Penderyn Myth is short and surprisingly characterised by an enormous bitterness from the oak. A slight dryness remains on the palate, while the finish is perceived as somewhat unexciting overall.

### THOUGHTS

#### MARCEL

Penderyn Myth is a smooth pleasure with a playful interplay of aromas that's enjoyable, even though the finish, with its oak bitterness, slightly dampens the fun. For a relaxed dram in between, it's definitely a good choice that shows character without becoming too complicated.

#### SASCHA

Penderyn Myth impresses with a balanced creaminess and floral nuances, but loses harmony due to a brief, very bitter finish. Overall, it's a solid composition that would have benefited from a stronger balance between fruitiness and oak.
